BETTER SHOOTING

Dave Anderson

Vogel's Voice

Vogel shooting his Limited gun, a Glock 24 in .40 S&W. Vogel says the slanted grip lets him get the support (left) hand high on the gun for better recoil control.

Robert Vogel won the 2008 USPSA Production division national championship. He's also a past IDPA national champion. His achievements are even more impressive when you consider he trains in his spare time, while serving as a full time police officer (and SRT member) for the Kenton, Ohio department. His work ethic and time management skills must be phenomenal.

Vogel won using a Glock 34 9mm. He uses Sevigny sights with a fiber optic front sight. The pistol has a plug (Pearce Grips #PG-GFI) in the space behind the magazine well, to prevent possible snags during reloads, and a steel guide rod. The trigger (4½ pound pull) is factory-stock.

His holster is an inexpensive synthetic model from Ky-Tac, perfectly suitable for everyday wear. Just like the pistol: simple, basic and reliable. I bet most of us non-champions have fancier and more costly gear.
